# Welcome

Collaborative Schools Ltd (CSL) came into being in 2009 driven by the ambition of a group of like-minded Headteachers. The vision to work collaboratively to improve outcomes and provide the best education for, not only the children in their schools, but for all children in the local community was paramount. This would be achieved by working for and on behalf of each other.

At the heart of the collaboration sits The Mead Teaching School Alliance; the partnership between the Teaching School and local special, primary and secondary schools enhances CSL's capacity to provide a range of high-quality education provision.

As well as Continual Professional Development (CPD) opportunities for all staff you will find included in this booklet information regarding:

- Associate Membership for those who wish to engage at a deeper level of collaboration and access a wider offer
- A governor support package
- Joint Professional Development (JPD) opportunities and peer support learning networks
- A menu of School to School support
- A range of professional services supporting behaviour, inclusion and SEND
- Opportunities for pupil collaboration
- Initial teacher education

If you would like to book any of our services or would like further information about the work of CSL please contact: [csl@jogschool.org](mailto:csl@jogschool.org) - 01225 711162

We look forward to working with you in the forthcoming year!

**Lesley Shellard**

Chair of CSL

# School to School Support (S2S)

**We are committed to providing the very best education for each and every pupil, and to contribute to raising standards via our school improvement programmes.**

Informed by need our S2S support packages draw on the expertise of middle and senior leaders from across CSL inclusive of National, Local and Specialist Leaders in Education.

Specialist Leaders in Education (SLEs) play an important role in ensuring the quality of our cross school working and are fundamental to the delivery of many of our S2S activities. They understand what outstanding leadership practice in their area of expertise looks like and are skilled in helping others to achieve this within their own context.

We have a well-established partnership with the Avon Teaching School Alliance and Multi-Academy Trust meaning that we have the capacity to support both primary and secondary education.

Straddling two tiers, targeted and universal, outstanding practitioners are available to provide bespoke support packages to individuals, schools or departments based on identified priorities.

For more information and to access any of our S2S opportunities below please contact:

**Jayne Bullock** - [jbullock@jogschool.org](mailto:jbullock@jogschool.org) - 01225 711162

## Universal Support

**Accessible to CSL full member schools only - Free of charge**

This tier is delivered by recognised outstanding practitioners and consists of informal, short-term (often one off) deployment of staff and development opportunities.

Provision may be inclusive of:

- Observations
- Planning
- Moderation
- Professional dialogue

## Targeted Support

**Available to CSL member schools, associate member schools and non-member schools**

This tier of support is largely delivered by accredited practitioners. Informed by specific school improvement criteria the work commonly incorporates longer term deployments. Provision is personalised to meet individual school requirements.

- Leadership and Governance development and support
- Modelling of best practice
- Subject leadership
- Curriculum development
- Improving class room practice

# Continual Professional Development (CPD) Package

CSL CPD is delivered by quality assured and recommended practitioners and is fully evaluated for quality and impact.

All programmes are offered at highly reduced, lowest cost prices to member schools and our associates. Whilst we make every effort to ensure all our listed CPD takes place please be aware that programme delivery is subject to uptake. The majority of CPD is hosted within the CSL Hub on the site of The John of Gaunt School.

## Peer Learning Communities

We operate termly, twilight, subject specific Learning Communities comprising of groups of staff interested in developing their knowledge and expertise. They provide opportunities for sharing best practice and exploring relevant pedagogies along with research and development. Our communities are facilitated via the deployment of outstanding practitioners, school leaders and Specialist Leaders in Education and are fully evaluated.

The discussion and focus of learning communities is informed by the needs of the group, however in support of CSLs broader strategy there will be a common thread across all communities of 'Differentiation and Teachers' Standard 5'.

**Available to CSL member schools, associate member schools and non-member schools**

# Initial Teacher Training

The Mead Teaching School provides Initial Teacher Training through full-time PGCE and assessment-only routes for aspiring teachers in Trowbridge and the surrounding area. Both programmes are accredited by the University of Gloucester, with whom The Mead Teaching School has developed a bespoke model for local training.

Trainees will follow a primary school based programme working with outstanding practitioners to develop the rigour, professional knowledge, understanding and skills necessary to become an inspirational, creative and purposeful teacher. All trainees are based within member schools for the duration of their training, which lasts for one full academic year.

General Primary (ages 5-11) and Early Years (ages 3-7) routes are available, with trainees on both programmes needing to complete a period of practice in at least two different schools and two different key stages.

Applications for 2019-20 will open in October 2018. If you have a member of staff who is interested in applying, or you are interested in hosting a trainee teacher in your school, please contact Kyra Ings at [teachingschool@themead.wilts.sch.uk](mailto:teachingschool@themead.wilts.sch.uk)
