Welcome

Collaborative Schools Ltd (CSL) has grown from a strong history of partnership working between the Trowbridge schools' community.

Over time, the collaboration has embedded and enhanced currently working on behalf of 28 primary, secondary and special schools to provide a range of high-quality education provision.

It is our shared moral beliefs and ethos that drives CSL's culture. Our values and vision and our charitable objectives are embodied within the company's Articles of Association, reinforcing our commitment to them.

As well as Continual Professional Development (CPD) opportunities for all staff, you will find included here information on:

- Associate Membership, for those who wish to engage at a deeper level of collaboration and access our wider offer
- Joint Professional Development (JPD) opportunities, and peer support learning networks
- A menu of School to School support
- A range of professional services supporting behaviour, inclusion and therapeutic opportunities
- Opportunities for pupil collaboration
- Initial Teacher Training

If you would like to access any part of our offer, or would like further information about the work of CSL, please contact us at csl@jogschool.org or call us on 01225 711162.

We look forward to working with you.

Lesley Shellard
Chair of CSL

Our offer

School Improvement

We are committed to providing the very best education for each and every pupil, and to contributing to raising standards.

Specialist Leaders in Education (SLEs) play an important role in ensuring the quality of our cross-school working, and are fundamental to the delivery of many of our School Improvement activities.

They understand what outstanding practice in their area of expertise looks like, and are skilled in helping others to achieve this within their own context.

Via the Early Years Connect programme we have developed the capacity to offer improvement opportunities to Early Years settings also.

We have a well-established partnership with the Avon Teaching School Alliance (www.avontsa.com), which means we have the capacity to support primary and secondary education.

We are able to draw on the expertise of senior leaders from across CSL, which includes National and Local Leaders of Education, to support our school improvement priorities.

Working alongside our member schools, we are developing Peer Support and Challenge visits, spanning different tiers of leadership. These are informed by specific lines of enquiry linking to School Development Plans and Ofsted.

www.themeadteachingschool.org.uk/leaders-of-education

www.themeadteachingschool.org.uk/innovation-projects/early-years-connect

CPD (Continual Professional Development)

Our CPD is delivered by quality assured and recommended practitioners and is evaluated for quality and impact.

All programmes are offered at highly reduced, lowest cost prices to Member Schools and at best value to Non Member Schools.

(Whilst we make every effort to ensure all of our listed CPD takes place, please be aware that programme delivery is subject to uptake.)

Therapeutic Approaches

We have access to a range of accredited therapeutic practitioners and strategies, inclusive of:

- Counselling
- Play therapy
- Music therapy
- Therapeutic mentors
- The Theraplay Institute - Family Theraplay
- Artist in residence

For more information, please contact csl@jogschool.org.

The Harbour Nurtured Learning Programme

Working in partnership with the referring school, The Harbour provides a multi-agency, specialist approach to the assessment and support of KS1 children with Social, Emotional, and Mental Health (SEMH) needs. The programme works alongside children, staff and parents at an early intervention threshold to promote long-term success within mainstream provision.

www.theharbourprogramme.org

The Theraplay Institute - Theraplay in Education

The delivery of a social-emotional development group within your school. Sunshine Circles® are adult-directed and structured, but rather than talking, the facilitator leads playful, cooperative and nurturing activities. Observation / support by a staff member will create in-house capacity for future deliveries. Available to Member Schools only.

Cost: Member Schools £205 for six sessions

Educational Psychology

Incorporating direct work with pupils, assessment, support to parents / carers and CPD, this bespoke service can be tailored to meet the needs of your school, pupils and staff.

Cost: Member Schools £60 per hour | Non Member Schools £85 per hour

Counselling

A counselling service for both secondary and primary pupils.

Cost: Member Schools £205 for six sessions (Optional parent session £39.50) | Non Member Schools £266 for six sessions (Optional parent session £50)

Parenting support

We coordinate and deliver a variety of different parent support classes across the academic year, inclusive of:

- Understanding and managing your child's anger and challenging behaviours
- EarlyBird Plus (small workbook cost)
- Triple P (Polish delivery)

Cost: Member Schools £0 | Non Member Schools £40

Activities to Support Pupil Collaboration

Children and young people are at the heart of everything we do and we hope to make collaboration and community cohesion real to them.

Sports Festivals and Competitions

Available to Member Schools only. Places will be allocated to full members as a priority.

Booking information will be circulated directly to schools a minimum of four weeks prior to the event date.

Venue (unless otherwise stated): The John of Gaunt School, Trowbridge BA14 9EH

Cost: Member Schools £0.50 per capita providing access to all events free of charge for the full academic year | Associate Schools £35 per event, depending on space

Initial Teacher Training

Successful applicants to The Mead Teaching School's School Direct Initial Teacher Training Programme work within our Member Schools throughout their training year. They follow a school-based training programme which enables them to work alongside outstanding practitioners and develop the rigour, professional knowledge, understanding and skills necessary to become an inspirational, creative and purposeful practitioner, within a highly supportive and aspirational environment.

High quality training is delivered by outstanding and specialist teachers from Member Schools and The University of Gloucester. Input includes a range of specialist pedagogical workshops, seminars and practice-based opportunities.

All trainees receive the highest quality support throughout the programme from both the Teaching School and the University, including academic and pastoral support.

Each trainee is assigned a mentor throughout the programme, who provides the highest quality coaching, mentoring and support. The enhanced modules in SEND and music provide pedagogical and practical input supporting the development of a high level of knowledge, skills and understanding.

Trainees are welcomed as full members of the staff team and are encouraged to immerse themselves in all aspects of school life, including professional development days, monitoring and evaluation activity, extra-curricular activities, residentials, and community events.

Applications for 2020-21 will open in October 2019. If you have a member of staff who is interested in applying, or you would like to find out more about hosting a trainee teacher in your school, please email teachingschool@themead.wilts.sch.uk.

Research and Development

The Mead Teaching School is a designated Lead School for Research and Development. This designation by the National College recognises our commitment to research and development as part of our core work.

We promote research practice across our Member Schools, as well as supporting capacity-building and leadership development.

We recognise research and development is a key driver and enabler for all aspects of the alliance's work and the establishment of a research culture has shown to be critical in supporting leaders and teachers in understanding research engagement and connecting research with everyday practice.

Research and Development is recognised as a core aspect of school improvement and innovation; consideration of the values and principles underpinning our work has been critical in guiding and shaping our research strategy.
